

WindEurope Working Groups & Task Forces

They are the brain of the association.

WindEurope advocates to shape policy and respond to the main challenges faced by the industry. They are also a fantastic opportunity to meet industry peers!

Offshore Wind
Working Group

Ulrik Stridbæk
Vice President &
Head of Regulatory Affairs
Ørsted

Advocates on the European **Offshore Strategy & Green Deal**

Aligns with the industry on **offshore hybrid projects**

Increases **regional cooperation by supporting the North Sea Energy Forum & the Baltic Energy Market Interconnection Plan**

Ensures that **Maritime Spatial Planning** considers decarbonisation objectives

Floating Wind
Working Group

Javier Sanz Rodriguez
Thematic Leader Renewable Energies
eit InnoEnergy
Knowledge Innovation Community

Advocates in relation to **EU Offshore Strategy,** reinforces the **Offshore Supply chain** and supports **EU floating projects activities** & applications *(COREWIND)*

Involves in **financing** of floating wind through different support mechanisms

Develops a guidance paper on **Port infrastructure requirements** for floating offshore wind in collaboration with the Ports Platform
